Dear Mayor Perez and Members of the City Council:

Thank you for taking the lead in our fight to keep the toxic poisons of the Chem Clear project from our area. It was only with your help that we were able to successfully win the fight against the big companies and outside interests like Chem Clear.

I am proud of our stance insuring the finest quality-of-life for the people of the Southeast area. Chem Clear posed a formidable threat to life in our area, and would have surely brought a blight upon our communities. While we have much more to do, to insure the safety and health of our people in our respective communities, it is satisfying knowing that together we have taken a giant step toward that goal.

I look forward to working with you and the City of Huntington Park in the near future.

Very truly yours,

Joseph R. Fregeau
Mayor
